1st Ruhuna International Science & Technology Conference

ABOUT THE CONFERENCE

RISTCON 2014, 1st Ruhuna International Science and Technology Conference is organized by the Faculty of Science, University of Ruhuna, Sri Lanka. The conference aims to bring together the interested academics/ researchers and research students from Sri Lanka as well as foreign universities/ institutes, and to provide them an international platform to share research findings on various themes in Science and Technology. The conference theme has been decided to be broad in order to accommodate as many Science and Technology areas as possible, and to be able to address technological advances and research findings in multidisciplinary areas.

RISTCON 2014 Theme

'Towards Transdisciplinary Research Culture'

RISTCON 2014 will be a premier forum to present and share the research findings of scientists working in life sciences and physical sciences, and technology related disciplines.

The authors are invited to send full papers if they wish to publish in the '**Ruhuna Journal of Science**', an international peer-reviewed online journal, published twice a year by the Faculty of Science, University of Ruhuna.
